The purpose of this offering (the "Offering") is to provide Holland Global Capital Corporation (the "Corporation") with funds with which to identify and evaluate businesses or assets with a view to completing a Qualifying Transaction, as hereafter defined. Any proposed Qualifying Transaction must be approved by the TSX Venture Exchange Inc. (the "Exchange") and, in the case of a Non Arm's Length Qualifying Transaction, must also receive Majority of the Minority Approval, as hereafter defined, in accordance with Policy 2.4 of the Exchange (the "CPC Policy"). The Corporation is a capital pool company (a "CPC"). It has not commenced commercial operations and has no assets other than a minimum amount of cash. Except as specifically contemplated in the CPC Policy, until the Completion of the Qualifying Transaction, the Corporation will not carry on any business other than the identification and evaluation of assets or businesses with a view to completing a proposed Qualifying Transaction. The Corporation currently intends to pursue a Qualifying Transaction through the acquisition of real property and the reorganization into a real estate investment trust by way of a plan of arrangement. This prospectus also qualifies for distribution the Agent's Options (as hereafter defined), and options to purchase an aggregate of 4,050,000 Common Shares, to the directors and officers of the Corporation. See "Options to Purchase Securities".

This Offering is made on a commercially reasonable best efforts basis by Laurentian Bank Securities Inc. (the "Agent") on behalf of the Corporation for total gross proceeds to the Corporation of \$400,000. The offering price of the Common Shares was determined arbitrarily by the directors of the Corporation and the Agent.

	Common Shares	Price to Public	Agent's Commissions⁽¹⁾	Net Proceeds to Corporation⁽²⁾
Per Common Share	1	\$ 0.10	\$ 0.01	\$ 0.09
Total Offering	4,000,000	\$ 0.10	\$ 40,000	\$360,000

Notes:

- (1) A commission of 10% of gross proceeds will be paid to the Agent. The Agent will also be reimbursed by the Corporation for its legal fees estimated at \$20,000 and its expenses. In addition, the Corporation will also issue the Agent's Options referred to below. See "Plan of Distribution - Agency Agreement and Agent's Compensation".
- (2) Before deducting the additional costs of this issue estimated at \$125,000 which include legal fees, audit fees, listing fees and other expenses of or payable by the Corporation. "Use of Proceeds".
- (3) A total of 4,000,000 Common Shares are qualified for distribution hereunder. In addition, this prospectus qualifies for distribution the Agent's Options to purchase up to 400,000 Common Shares and the options to be issued on the closing date of the Offering to the directors and officers of the Corporation to purchase up to a total of 4,050,000 Common Shares. See "Plan of Distribution" and "Description of Share Capital - Options to Purchase Securities".

Pursuant to the Agency Agreement (as hereafter defined), the Agent will be granted non-transferable options (the “Agent’s Options”) to purchase, in aggregate, 400,000 Common Shares at a price of \$0.10 per Common Share expiring 24 months from the date the Common Shares are listed on the Exchange. The Agent’s Options are qualified for distribution under this prospectus.

The Corporation has applied to list its Common Shares on the Exchange. Listing will be subject to the Corporation fulfilling all the listing requirements of the Exchange.

Other than the initial distribution of the Common Shares pursuant to this prospectus, the grant of the Agent’s Options and the grant of options to the directors and officers of the Corporation, trading in all securities of the Corporation is prohibited during the period between the date a receipt for the preliminary prospectus is issued by the Ontario Securities Commission (the “Commission”) and the time the Common Shares are listed for trading, except, subject to prior acceptance of the Exchange, where appropriate registration and prospectus exemptions are available under securities legislation or where the applicable securities regulatory authorities grant a discretionary order.

Investment in the Common Shares offered by this Prospectus is highly speculative due to the nature of the Corporation’s business and its present stage of development. This offering is suitable only to those investors who are prepared to risk the loss of their entire investment. See “Risk Factors”.

The Corporation was only recently incorporated, owns no assets other than cash, has no record of earnings and has not entered into an Agreement in Principle (as hereafter defined) with respect to a potential acquisition. The proposed business of the Corporation involves a degree of risk and there is no assurance that the Corporation will identify assets or businesses which warrant acquisition or participation. Moreover, if a potential asset or business is identified and an acquisition or participation therein is warranted, additional funds may be required and there is no assurance that the Corporation will be able to obtain such financing. Subscribers hereunder will experience immediate dilution of approximately 12.3% or \$0.0123 per share based on gross proceeds of Offering, prior to deduction of selling commissions and related expenses. An acquisition financed by the issuance of additional Common Shares may result in further dilution and a change of control of the Corporation. In the event the Corporation identifies and completes the acquisition of a corporation, real property or other assets located outside of Canada, it may be difficult or impossible to effect service or notice to commence legal proceedings on any directors, officers and experts located outside of Canada. It may not be possible to enforce, against such persons or such corporation, judgments obtained in Canadian courts predicated on the civil liability provisions of the applicable securities laws in Canada. For these reasons, an investment herein is suitable only to those investors who are willing to rely solely on the management of the Corporation and who can afford to lose all of their investment. See – “Business of the Corporation”, “Capitalization and Dilution” and “Risk Factors”.

The Corporation currently intends to pursue a Qualifying Transaction through the acquisition of real property and the reorganization into a real estate investment trust by way of a plan of arrangement, however there is no assurance that the Qualifying Transaction will involve the acquisition of Significant Assets in the real estate sector or that a reorganization of the Corporation into a real estate investment trust will occur.

The Exchange may suspend from trading or delist the Common Shares of the Corporation if the Corporation fails to complete a Qualifying Transaction (as hereafter defined) within twenty-four (24) months following the date the Common Shares are listed on the Exchange. Suspension from trading of the Common Shares may, and delisting of the Common Shares will, result in the Commission issuing an interim cease trade order against the Corporation. In addition, delisting of the Common Shares will result in the cancellation of all of the currently issued and outstanding shares of the Corporation held by insiders.

This Offering is subject to the CPC Policy and the securities laws of the Provinces of Ontario, Manitoba, Saskatchewan, Alberta and British Columbia. Pursuant to the CPC Policy, no purchaser of the Common Shares is permitted to directly or indirectly purchase more than 2% of the total Common Shares offered under this prospectus, that being 80,000 Common Shares. In addition, the maximum number of Common Shares that may directly or indirectly be purchased by that purchaser, together with any Associates or Affiliates of that purchaser, is 4% of the total number of Common Shares offered under this prospectus, that being 160,000 Common Shares.

The minimum subscription is for 1000 Common Shares (\$100).

The Common Shares offered hereunder are offered on a “commercially reasonable best efforts” basis by Laurentian Bank Securities Inc. as agent of the Corporation, in accordance with the conditions referred to under “Plan of Distribution” and subject to approval of certain legal matters by Cassels Brock & Blackwell LLP on behalf of the Corporation, and the approval of certain legal matters by Aikins, MacAulay & Thorvaldson LLP on behalf of the Agent. Subscriptions will be received subject to rejection or allotment in whole or in part, and the right is reserved to close subscription books at any time without notice. It is expected that share certificates evidencing the Common Shares in definitive form will be available for delivery on the closing date of this Offering. This Offering is expected to close on or about March _____, 2013. The latest date that this Offering will remain open is 90 days from the issuance of the receipt for this prospectus.

PROSPECTUS SUMMARY

The following is a summary of the principal features of this distribution and should be read together with the more detailed information and financial data and statements contained elsewhere in this prospectus.

BUSINESS OF THE CORPORATION:	The principal business of the Corporation will be the identification and evaluation of assets or businesses for the purpose of completing a Qualifying Transaction. The Corporation has not commenced commercial operations and has no assets other than a minimum amount of cash. An acquisition financed by the issuance of additional Common Shares could result in a change in control of the Corporation and may cause the shareholders' interests in the Corporation to be reduced. It is the Corporation's current intention to identify and acquire real property and effectively reorganize into a real estate investment trust by way of a plan of arrangement in connection with its Qualifying Transaction. See "Business of the Corporation."										
OFFERING:	A total of 4,000,000 Common Shares are being offered under this prospectus at a price of \$0.10 per Common Share. In addition, the Corporation will grant to the Agent the Agent's Options to purchase, in aggregate, up to 400,000 Common Shares at a price of \$0.10 per Common Share which will be exercisable for a period of 24 months from the date the Common Shares are listed on the Exchange, which options are also qualified for distribution under this prospectus. The Corporation also intends to grant options on the closing date of the Offering to purchase up to 4,050,000 Common Shares to directors and officers of the Corporation. The options to be granted to directors and officers are also qualified for distribution under this prospectus.										
USE OF PROCEEDS:	The net proceeds to the Corporation will be approximately \$235,000 (\$400,000 minus Agent's commission of \$40,000 and additional expenses of approximately \$125,000). The net proceeds of this Offering will be used to provide the Corporation with a minimum of funds with which to identify and evaluate assets or businesses, for acquisition with the view to completing a Qualifying Transaction. The Corporation may not have sufficient funds to secure such businesses or assets once identified and evaluated and additional funds may be required. Until the Completion of the Qualifying Transaction and, except as otherwise provided in the CPC Policy, a maximum of the lesser of 30% of the gross proceeds realized and \$210,000 may be used for purposes other than evaluating business or assets. Until Completion of the Qualifying Transaction, neither the Corporation nor any party on behalf of the Corporation will engage the services of any person to provide investor relations activities or market making services.										
DIRECTORS AND MANAGEMENT:	<table><tr><td>Kursat Kacira</td><td>Chief Executive Officer and Director</td></tr><tr><td>Kimberly Tam</td><td>Chief Financial Officer and Secretary</td></tr><tr><td>Nick Kanji</td><td>Director</td></tr><tr><td>Sean Nakamoto</td><td>Director</td></tr><tr><td>Paul Simcox</td><td>Director</td></tr></table>	Kursat Kacira	Chief Executive Officer and Director	Kimberly Tam	Chief Financial Officer and Secretary	Nick Kanji	Director	Sean Nakamoto	Director	Paul Simcox	Director

ESCROW:	Approximately 29,500,000 of the issued and outstanding Common Shares of the Corporation have been or will be deposited in escrow pursuant to the terms of an Escrow Agreement and will be released from escrow in stages over a period of up to three years after the date of the Final Exchange Bulletin.										
RISK FACTORS:	Investment in the Common Shares must be regarded as highly speculative due to the proposed nature of the Corporation's business and its present stage of development. The Corporation was only recently incorporated and has no active business or assets other than cash. It does not have a history of earnings, nor has it paid any dividends, and will										

not generate earnings or pay dividends until at least after the Completion of the Qualifying Transaction. The Offering is only suitable to investors who are prepared to rely entirely on the directors and management of the Corporation and can afford to risk the loss of their entire investment. The directors and officers of the Corporation will only devote part of their time and attention to the affairs of the Corporation. There are potential conflicts of interest to which some of the directors and officers of the Corporation will be subject in connection with the operations of the Corporation. Assuming completion of the Offering, an investor will experience immediate dilution of approximately 12.3% or \$0.0123 per share based on gross proceeds of the Offering, prior to deduction of selling commissions and related expenses. There can be no assurance that an active and liquid market for the Common Shares will develop and an investor may find it difficult to resell the Common Shares. Until the Completion of the Qualifying Transaction, the Corporation will not carry on any business other than the identification and evaluation of assets or businesses for the purposes of completing a Qualifying Transaction. The Corporation has only limited funds with which to identify and evaluate possible Qualifying Transactions and there can be no assurance that the CPC will be able to identify or complete a suitable Qualifying Transaction. The Qualifying Transaction may involve the acquisition of a corporation, real property or other assets located outside of Canada. It may therefore be difficult or impossible to effect service or notice to commence legal proceedings upon any directors, officers and experts outside of Canada and it may not be possible to enforce against such persons or companies judgments obtained in Canadian courts predicated upon the civil liability provisions applicable to securities laws in Canada.

THE CORPORATION

The Corporation was incorporated under the name “Holland Global Capital Corporation” by Certificate of Incorporation dated January 15, 2013 issued pursuant to the provisions of the *Business Corporations Act* (Ontario).

The head and registered office of the Corporation is located at 2425 Matheson Blvd. East, Suite 791, Mississauga, Ontario, L4W 5K4.

BUSINESS OF THE CORPORATION

Preliminary Expenses

The Corporation has not expended any funds to date but will be incurring additional costs and expending funds as the Offering progresses. Certain of the proceeds of the Offering may be utilized to satisfy the obligations of the Corporation relating to the Offering, including the fees and expenses of its auditors, legal counsel and the Agent’s legal counsel. See “Use of Proceeds”.

History and Proposed Operations until Completion of a Qualifying Transaction

The Corporation proposes to identify and evaluate business and assets with a view to completing a Qualifying Transaction. Any proposed Qualifying Transaction must be accepted by the Exchange and, in the case of a Non Arm’s Length Qualifying Transaction, is also subject to Majority of the Minority Approval in accordance with the CPC Policy. The Corporation has not conducted commercial operations. The Corporation currently intends to pursue a Qualifying Transaction through the acquisition of real property but there is no assurance that the Qualifying Transaction will involve the acquisition of Significant Assets in the real estate sector. The Corporation currently intends to effectively reorganize into a real estate investment trust by way of a plan of arrangement in connection with its Qualifying Transaction, however there is no assurance that this will occur.

Until Completion of a Qualifying Transaction, the Corporation will not carry on any business other than the identification and evaluation of businesses or assets with a view to completing a potential Qualifying Transaction. With the consent of the Exchange, this may include the raising of additional funds in order to finance an acquisition. Except as described under “Private Placements for Cash”, and “Restrictions on Use of Proceeds”, the funds raised pursuant to this Offering and any subsequent financing will be utilized only for the identification and evaluation of potential Qualifying Transactions and not for any deposit, loan or direct investment in a potential acquisition.

The Corporation has not yet entered into an Agreement in Principle.

Method of Financing

The Corporation may use cash, bank financing, the issuance of treasury shares, a public financing of debt or equity, or any combination of the foregoing, for the purpose of financing its proposed Qualifying Transaction. **A Qualifying Transaction financed by the issue of treasury shares could result in a change in the control of the Corporation and may cause a shareholder’s interest in the Corporation to be further diluted.**

Criteria for a Qualifying Transaction

The board of directors of the Corporation must approve any proposed Qualifying Transaction. In exercising their powers and discharging their duties in relation to a proposed Qualifying Transaction, the directors will act honestly and in good faith having regard to the best interests of the Corporation and will exercise the care, diligence and skill that a reasonably prudent person would exercise in comparable circumstances.

Filings and Shareholder Approval of the Qualifying Transaction

Upon the Corporation reaching an Agreement in Principle, the Corporation must issue a comprehensive news release, at which time the Exchange generally will halt trading in the Corporation’s Common Shares until the filing

requirements of the Exchange have been satisfied as set forth under “Trading Halts, Suspensions and Delisting”. Within 75 days after issuance of such news release, the Corporation shall be required to submit for review to the Exchange either an information circular that complies with applicable corporate and securities laws or a filing statement that complies with applicable Exchange requirements. An information circular must be submitted where there is a Non Arm’s Length Qualifying Transaction. A filing statement must be submitted where the Qualifying Transaction is not a Non Arm’s Length Qualifying Transaction. The information circular or filing statement, as applicable, must contain prospectus level disclosure of the Target Company and the Corporation, assuming Completion of the Qualifying Transaction, and be prepared in accordance with the CPC Policy and Form 3B1/Form 3B2. Upon acceptance by the Exchange, the Corporation must then either:

- (a) file the filing statement on SEDAR at least seven days prior to the closing of the Qualifying Transaction, and issue a news release which discloses the scheduled closing date for the Qualifying Transaction as well as the fact that the filing statement is available on SEDAR; or
- (b) mail the information circular and related proxy material to its shareholders in order to obtain the Majority of the Minority Approval of the Qualifying Transaction or other requisite approval, at a meeting of shareholders.

Unless waived by the Exchange, the Corporation will also be required to retain a Sponsor, who must be a member of the Exchange, and who will be required to submit to the Exchange a Sponsor report prepared in accordance with the policies of the Exchange. The Corporation will no longer be considered to be a CPC upon the Exchange having issued the Final Exchange Bulletin. The Exchange will generally not issue the Final Exchange Bulletin until the Exchange has received:

- (a) in the case of a Non Arm’s Length Qualifying Transaction, confirmation of Majority of the Minority Approval of the Qualifying Transaction;
- (b) confirmation of closing of the Qualifying Transaction; and
- (c) all post-meeting or final, documentation, as applicable, otherwise required to be filed with the Exchange pursuant to the CPC Policy.

Upon issuance of the Final Exchange Bulletin, the CPC Policy will generally cease to apply, with the exception of the escrow provisions of the CPC Policy and the restrictions in the CPC Policy precluding the Corporation from completing a reverse take-over for a period of one year from the Completion of the Qualifying Transaction.

Initial Listing Requirements

The Resulting Issuer must satisfy the Exchange’s initial listing requirements for the particular industry sector in either Tier 1 or Tier 2 as prescribed under the applicable policies of the Exchange.

Trading Halts, Suspensions and Delisting

The Exchange will generally halt trading in the Common Shares from the date of the public announcement of an Agreement in Principle until all filing requirements of the Exchange have been satisfied, which includes the submission of a Sponsorship Acknowledgment Form, where the Qualifying Transaction is subject to sponsorship. In addition, personal information forms or, if applicable, declarations, for all individuals who may be directors, senior officers, promoters, or insiders of the Resulting Issuer must be filed with the Exchange and any preliminary background searches that the Exchange considers necessary or advisable, must also be completed, before the trading halt will be lifted by the Exchange.

Even if all filing requirements have been satisfied and preliminary background checks completed, the Exchange may continue or reinstate a halt in trading of the Common Shares for public policy reasons including:

- (a) the unacceptable nature of the business of the Resulting Issuer, or

- (b) the number of conditions precedent to, or the nature and number of deficiencies required to be resolved prior to, Completion of the Qualifying Transaction, are so significant or numerous as to make it appear to the Exchange that the halt should be reinstated or continued.

A trading halt may also be imposed by the Exchange where the Corporation fails to file the supporting documents relating to the Qualifying Transaction within a period of 75 days after public announcement of the Agreement in Principle or if the CPC fails to file post-meeting or filing documents, as applicable, within the time required. A trading halt may also be imposed if a Sponsor terminates its sponsorship.

The Exchange may suspend from trading or delist the Common Shares of the Corporation where the Exchange has not issued a Final Exchange Bulletin to the CPC within twenty-four (24) months of the date of listing. In the event that the Common Shares of the Corporation are delisted by the Exchange, within 90 days of the date of delisting, the Corporation shall wind up and shall make a pro rata distribution of its remaining assets to its shareholders, unless shareholders, pursuant to a majority vote exclusive of the votes of Non Arm's Length Parties to the Corporation, determine to deal with the issuer or its remaining assets in some other manner. See "Business of the Corporation – Filings and Shareholder Approval of the Qualifying Transaction".

Refusal of Qualifying Transaction

The Exchange, in its sole discretion, may not accept a Qualifying Transaction where:

- (a) the Resulting Issuer fails to satisfy the applicable initial listing requirements of the Exchange;
- (b) the aggregate number of securities of the Resulting Issuer owned, directly or indirectly, by:
 - (i) a member firm of the Exchange;
 - (ii) registrants, unregistered corporate finance professionals, employee shareholders and partners of such member firm; and
 - (iii) associates of any such person,collectively, would exceed 20% of the issued and outstanding securities of the Resulting Issuer;

Permitted Use of Funds

Until the Completion of the Qualifying Transaction and except as otherwise specifically provided by the CPC Policy and described in "Restrictions on Use of Proceeds", "Private Placements for Cash," and "Prohibited Payments to Related Parties", the gross proceeds realized from the sale of all securities issued by the Corporation will be used by

the Corporation only to identify and evaluate businesses or assets and obtain shareholder approval for a proposed Qualifying Transaction.

The proceeds may be used for expenses incurred for the preparation of:

- (i) valuations or appraisals;
- (ii) business plans;
- (iii) feasibility studies and technical assessments;
- (iv) sponsorship reports;
- (v) engineering or geological reports;
- (vi) financial statements, including audited financial statements;

In addition, with the prior acceptance of the Exchange, up to an aggregate of \$225,000 may be advanced as a refundable deposit or secured loan by the Corporation to a Vendor or Target Company, as the case may be, for a proposed arm's length Qualifying Transaction that has been publicly announced at least 15 days prior to the date of such advance, due diligence with respect to the Qualifying Transaction is well underway and either a Sponsor has been engaged or sponsorship has been waived. A maximum aggregate amount of \$25,000 may also be advanced as a non-refundable deposit, unsecured deposit or advance to a Vendor or Target Company, as the case may be, to preserve assets without the prior acceptance of the Exchange.

Restrictions on Use of Proceeds

Until Completion of a Qualifying Transaction, not more than the lesser of 30% of the gross proceeds from the sale of all securities issued by the Corporation and \$210,000 can be used for purposes other than those described above. For greater certainty, expenditures, which are not included as "Permitted Uses of Funds", listed above, include:

No proceeds will be used to acquire or lease a vehicle.

Private Placements for Cash

After the closing of the Offering and until the Completion of the Qualifying Transaction, the Corporation will not issue any securities unless written acceptance of the Exchange is obtained before issuance. Prior to the Completion of the Qualifying Transaction, the Exchange generally will not accept a private placement by the Corporation where the gross proceeds raised from the issuance of securities both prior to and pursuant to the Offering, together with any proceeds anticipated to be raised upon closing of the private placement, will exceed \$5,000,000. The only securities issuable pursuant to a private placement will be Common Shares. Subject to certain limited exceptions, any Common Shares issued pursuant to a private placement to Non Arm's Length Parties to the Corporation and to Principals of the Resulting Issuer will be subject to escrow.

Prohibited Payments to Non Arm's Length Parties

Except as described under "Options to Purchase Securities" and "Restrictions on Use of Proceeds", the Corporation has not made, and until the Completion of the Qualifying Transaction will not make, any payment of any kind, directly or indirectly, to a Non Arm's Length Party to the Corporation or a Non Arm's Length Party to the Qualifying Transaction, or to a person engaged in investor relations activities, by any means, including:

Further, no such payment will be made on or after the Completion of a Qualifying Transaction if such payment relates to services rendered or obligations incurred prior to or in connection with the Qualifying Transaction.

Notwithstanding the above, the Corporation may reimburse a Non Arm's Length Party to the Corporation for reasonable expenses for office supplies, office rent and related utilities, equipment leases (excluding vehicle leases), and legal services (provided that neither the lawyer providing the legal services nor any member of the law firm providing the services is a promoter of the Corporation or in the case of a law firm no member of the firm, owns greater than 10% of the outstanding Common Shares of the Corporation), and the Corporation may also reimburse a Non Arm's Length Party to the Corporation for reasonable out-of-pocket expenses incurred in pursuing the business of the Corporation described in "Permitted Use of Funds".

The foregoing restrictions on the use of proceeds and prohibitions on payments to Non Arm's Length Parties and persons engaged in investor relations activities continue to apply until the Completion of the Qualifying Transaction.

PLAN OF DISTRIBUTION

Agency Agreement and Agent's Compensation

Pursuant to the Agency Agreement, the Corporation has appointed the Agent as its agent to offer for sale, on a commercially reasonable best efforts basis to the public, 4,000,000 Common Shares at a price of \$0.10 per Common Share, for gross proceeds of \$400,000, subject to the terms and conditions in the Agency Agreement. The Agent will receive a commission of 10% of the aggregate gross proceeds from the sale of the Common Shares. In addition, the Corporation will pay the Agent's legal fees, estimated at \$20,000, together with taxes and disbursements.

The Corporation has also agreed to grant to the Agent, and any sub-agents, as directed by the Agent, non-transferable Agent's Options which entitles the Agent and any sub-agents to purchase up to 400,000 Common Shares at a price of \$0.10 per Common Share and which may be exercised for a period of 24 months from the day the Common Shares are listed on the Exchange. The Agent's Options are qualified under this prospectus for distribution. The Agent intends to sell to the public any Common Shares received by it upon the exercise of the Agent's Options. Not more than 50% of the aggregate number of Common Shares which can be acquired on the

exercise of the entire Agent's Options may be sold by the Agent prior to the Completion of the Qualifying Transaction. The remaining 50% may be sold after the Completion of the Qualifying Transaction.

The Agent has agreed to use its commercially reasonable best efforts to secure subscriptions for the Common Shares offered hereunder on behalf of the Corporation and may make co-brokerage arrangements with other investment dealers at no additional cost to the Corporation. The obligations of the Agent under the Agency Agreement may be terminated at its discretion on the basis of its assessment of the state of financial markets and may also be terminated on the occurrence of certain events as stated in the Agency Agreement.

Best Efforts Offering and Minimum Distribution

The total Offering is of 4,000,000 Common Shares at a price of \$0.10 per share for total gross proceeds of approximately \$400,000. The Offering price was determined arbitrarily by the directors of the Corporation and the Agent. Under the CPC Policy, no purchaser of the Common Shares is permitted to purchase more than 2% of the total Common Shares sold under the Offering, that being 80,000 Common Shares. In addition, the maximum number of Common Shares permitted to be purchased by that purchaser together with any Associates of Affiliates of that purchaser is 4% of the total number of Common Shares under the Offering, that being 160,000 Common Shares. The total subscription must be raised within 90 days of the date a receipt for the prospectus is issued, or such other time as may be consented to by persons or companies who subscribed within that period, failing which the Escrow Agent will return the funds collected to the subscribers without interest or deduction, unless subscribers have otherwise instructed the Escrow Agent.

Other Securities To Be Distributed

The Corporation also proposes to grant, on the closing date of the Offering, options to purchase 4,050,000 Common Shares to directors and officers in accordance with the policies of the Exchange, which options are also qualified for distribution under this prospectus. The Corporation has also agreed to grant to the Agent, and any sub-agents, as directed by the Agent, non-transferable Agent's Options which entitles the Agent and any sub-agents to purchase up to 400,000 Common Shares at a price of \$0.10 per Common Share and which may be exercised for a period of 24 months from the day the Common Shares are listed on the Exchange. The Agent's Options are qualified under this prospectus for distribution.

Determination of Price

The offering price per Common Share was determined arbitrarily by the board of directors of the Corporation and the Agent.

Listing Application

The Corporation has applied to list its Common Shares on the Exchange. Listing will be subject to the Corporation fulfilling all the listing requirements of the Exchange.

Restrictions on the Agent

The Agent has advised the Corporation that to the best of its knowledge and belief, neither it, nor any of its directors, officers, employees or contractors or any Associate or Affiliate of the foregoing has subscribed for Common Shares of the Corporation and until the Completion of the Qualifying Transaction, the aggregate number of Common Shares permitted to be owned directly or indirectly by the participants referred to in this item, is 20% of the issued and outstanding Common Shares of the Corporation exclusive of Common Shares reserved for issuance at a later date.

Restrictions on Trading

Other than the initial distribution of the Common Shares pursuant to this prospectus, the grant of the Agent's Options and the grant of options to the directors and officers of the Corporation, no securities of the Corporation will

be permitted to be issued during the period between the date a receipt for the preliminary prospectus is issued by the Ontario Securities Commission and the time the Common Shares are listed for trading on the Exchange, except, subject to prior acceptance of the Exchange, where appropriate registration and prospectus exemptions are available under securities legislation or where applicable securities regulatory authorities grant a discretionary order.

- (11) Assuming that no Common Shares are purchased by these shareholders under this Offering and before the exercise of the Agent's Options and the options granted to the directors and officers of the Corporation to purchase up to 4,050,000 Common Shares.

Where the Common Shares of the Corporation which are required to be held in escrow are held by a non-individual (a "holding company"), each holding company pursuant to the Escrow Agreement, has agreed, or will agree, not to carry out any transactions during the currency of the Escrow Agreement which would result in a change of control of the holding company, without the consent of the Exchange. Any holding company must sign an undertaking to the Exchange that, to the extent reasonably possible, it will not permit or authorize any issuance of securities or transfer of securities that could reasonably result in a change of control of the holding company. In addition, the Exchange may require an undertaking from any control person of the holding company not to transfer the shares of that company.

Under the Escrow Agreement, 10% of the escrowed Common Shares will be released from escrow on the issuance of the Final Exchange Bulletin (the "Initial Release") and an additional 15% will be released on the dates 6 months, 12 months, 18 months, 24 months, 30 months and 36 months following the Initial Release.

If upon Completion of a Qualifying Transaction, the Corporation meets the Exchange's Tier 1 minimum listing requirements either at the time the Final Exchange Bulletin is issued or subsequently, the release of the escrowed Common Shares will be accelerated. An accelerated escrow release will not commence until the Corporation has made application to the Exchange for listing as a Tier 1 issuer and the Exchange has issued a bulletin that announces the acceptance for listing of the Resulting Issuer on Tier 1 of the Exchange.

The Exchange's prior consent must be obtained before a transfer within escrow of escrowed Common Shares. Generally, the Exchange will only permit a transfer within escrow to be made to incoming Principals in connection with a proposed Qualifying Transaction.

If a Final Exchange Bulletin is not issued, the escrowed Common Shares will not be released. Under the Escrow Agreement each Non Arm's Length Party to the Corporation who holds escrowed Common Shares acquired at a price below the offering price under this prospectus has irrevocably authorized and directed the Escrow Agent to immediately:

- (a) cancel all of those escrowed Common Shares upon the issuance by the Exchange of a bulletin delisting the Common Shares of the Corporation; or
- (b) if the Corporation lists on NEX, either:
 - (i) cancel all Seed Shares purchased by Non-Arm's Length Parties to the CPC at a discount from the IPO price, in accordance with section 11.2(a) of TSX Venture Policy 2.4 - Capital Pool Companies, or
 - (ii) subject to majority shareholder approval, cancel an amount of Seed Shares purchased by Non Arm's Length Parties to the CPC so that the average cost of the remaining Seed Shares is at least equal to the IPO price.

Escrowed Shares on Qualifying Transaction

Generally, if at least 75% of the securities issued pursuant to the Qualifying Transaction are "Value Securities", then all the securities issued to Principals of the Resulting Issuer pursuant to the Qualifying Transaction will be deposited into escrow pursuant to a value security agreement (the "Value Security Escrow Agreement"). "Value Securities" are securities issued pursuant to a transaction, for which the deemed value of the securities at least equals the value ascribed to the asset, using a valuation method acceptable to the Exchange, or securities that are otherwise determined by the Exchange to be Value Securities and required to be placed in escrow under a Value Security

Escrow Agreement. However, if at least 75% of the securities issued pursuant to the Qualifying Transaction are not Value Securities, all securities issued pursuant to the Qualifying Transaction will be deposited into a surplus security escrow agreement (a “Surplus Security Escrow Agreement”).

The principal distinction between a Value Security Escrow Agreement and a Surplus Security Escrow Agreement is the time period for release of securities from escrow. In the case of a Resulting Issuer that will be a Tier 2 issuer when the Final Exchange Bulletin is issued, the Value Security Escrow Agreement provides for a three year escrow release mechanism with 10% of the escrowed securities being releasable at the time of the Final Exchange Bulletin, and 15% of the escrowed securities, being releasable every 6 months thereafter until the date which is 36 months after the Final Exchange Bulletin. In the case of a Resulting Issuer that will be a Tier 2 issuer subject to a Surplus Security Escrow Agreement, when the Final Exchange Bulletin is issued, the Surplus Security Escrow Agreement provides for a 3 year escrow release mechanism with 5% of the escrowed securities releasable at the time of the Final Exchange bulletin, 5% on the date which is 6 months after the Final Exchange Bulletin, 10% on each of the dates which are 12 and 18 months after the Final Exchange Bulletin, 15% on each of the dates which are 24 and 30 months after the Final Exchange Bulletin and 40% on the date which is 36 months after the Final Exchange Bulletin.

In the case of a Resulting Issuer that will be a Tier 1 issuer when the Final Exchange Bulletin is issued, the Value Security Escrow Agreement provides for an 18 month escrow release mechanism with 25% of the escrowed securities being releasable at the time of the Final Exchange Bulletin, and 25% of the escrowed securities being releasable every 6 months thereafter. In the case of a Resulting Issuer that will be a Tier 1 issuer when the Final Exchange Bulletin is issued, the Surplus Security Escrow Agreement provides for a three year escrow release mechanism with 10% of the escrowed securities being releasable upon the issuance of the Final Exchange Bulletin, 20% on the date which is 6 months after the Final Exchange Bulletin, 30% on the date which is 12 months after the Final Exchange Bulletin and 40% on the date which is 18 months after the Final Exchange Bulletin.

Securities issued pursuant to a private placement to Principals of the Corporation and the proposed Resulting Issuer will generally be exempt from escrow requirements where:

- (a) the private placement is announced at least five trading days after the news release announcing the Agreement in Principle and the pricing for the financing is at not less than the discounted market price, as determined in accordance with the Policies of the Exchange; or
- (b) the private placement is announced concurrently with the Agreement in Principle and
 - (i) at least 75% of the proceeds from the private placement are not from Principals of the Corporation or the proposed Resulting Issuer,
 - (ii) if subscribers, other than Principals of the Corporation or the proposed Resulting Issuer, will obtain securities subject to hold periods, then in addition to any resale restrictions under applicable securities legislation, any securities issued to such Principals will be subject to a four month hold period, and
 - (iii) none of the proceeds of the private placement are allocated to pay compensation or to settle indebtedness owing to Principals of the Resulting Issuer.

All of the directors, officers, insiders and promoters are engaged in and will continue to be engaged in corporations or businesses which are or may be in competition with the search by the Corporation for businesses or assets in order to close a Qualifying Transaction. DILUTION

Purchasers of Common Shares under this Offering will experience immediate dilution of approximately 12.3% or \$0.0123 per Common Share on the basis of there being 40,500,000 Common Shares of the Corporation issued and outstanding following completion of this Offering. Dilution has been computed on the basis of total gross proceeds to be raised by this prospectus and from sales of securities prior to filing this prospectus, without deduction of commissions or related expenses incurred by the Corporation.

RISK FACTORS

Investment in the Common Shares must be regarded as highly speculative due to the proposed nature of the Corporation's business and its present stage of development. The following are risk factors associated with the Corporation:

- (a) the Corporation was only recently incorporated, has not commenced commercial operations and has no assets other than cash. It has no history of earnings, and shall not generate earnings or pay dividends until at least after Completion of the Qualifying Transaction;
- (b) investment in the Common Shares offered by the prospectus is highly speculative given the proposed nature of the Corporation's business and its present stage of development;
- (c) the directors and officers of the Corporation will only devote a portion of their time to the business and affairs of the Corporation and some of them are or will be engaged in other projects or businesses such that conflicts of interest, or potential or perceived conflicts of interest, may arise from time to time. See "Conflicts of Interest" above;
- (d) a purchaser of Common Shares under this Offering will experience immediate dilution of approximately 12.3% or \$0.0123 per share based on gross proceeds of the Offering, prior to deduction of selling commissions and related expenses, and the issuance of additional Common Shares in the future may further dilute shareholders;
- (e) there can be no assurance that an active and liquid market for the Corporation's Common Shares will develop and an investor may find it difficult to resell its Common Shares;
- (f) until Completion of a Qualifying Transaction, the Corporation is not permitted to carry on any business other than the identification and evaluation of potential Qualifying Transactions;
- (g) the Corporation has only limited funds with which to identify and evaluate potential Qualifying Transactions and there can be no assurance that the Corporation will be able to identify a suitable Qualifying Transaction;
- (h) even if a proposed Qualifying Transaction is identified, there can be no assurance that the Corporation will be able to successfully complete the transaction;
- (i) Completion of a Qualifying Transaction is subject to a number of conditions including acceptance by the Exchange and in the case of a Non Arm's Length Qualifying Transaction, Majority of the Minority Approval;
- (j) unless the shareholder has the right to dissent and be paid fair value in accordance with applicable corporate or other law, a shareholder who votes against a proposed Non Arm's Length Qualifying Transaction for which Majority of the Minority Approval by shareholders has been given, will have no rights of dissent and no entitlement to payment by the Corporation of fair value for the Common Shares;
- (k) upon public announcement of a proposed Qualifying Transaction, trading in the Common Shares of the Corporation will be halted and will remain halted for an indefinite period of time, typically until a Sponsor

has been retained and certain preliminary reviews have been conducted. The Common Shares of the Corporation will be reinstated to trading before the Exchange has reviewed the transaction and before the Sponsor has completed its full review. Reinstatement to trading provides no assurance with respect to the merits of the transaction or the likelihood of the Corporation completing the proposed Qualifying Transaction;

- (l) trading in the Common Shares of the Corporation may be halted at other times for other reasons, including for failure by the Corporation to submit documents to the Exchange in the time periods required;
- (m) the Exchange will generally suspend trading in the Corporation's Common Shares or delist the Corporation in the event that the Exchange has not issued a Final Exchange Bulletin within twenty-four (24) months from the date of listing;
- (n) neither the Exchange nor any securities regulatory authority passes upon the merits of the proposed Qualifying Transaction;
- (o) in the event that management of the Corporation resides outside of Canada or the Corporation identifies a foreign business as a proposed Qualifying Transaction, investors may find it difficult or impossible to effect service or notice to commence legal proceedings upon any management resident outside of Canada or upon the foreign business and may find it difficult or impossible to enforce against such persons, judgments obtained in Canadian courts;
- (p) the Qualifying Transaction may be financed in all or part by the issuance of additional securities by the Corporation and this may result in further dilution to the investor, which dilution may be significant and which may also result in a change of control of the Corporation; and
- (q) subject to prior acceptance by the Exchange, the Corporation may be permitted to loan or advance up to an aggregate of \$250,000 of its proceeds to a target business without requiring shareholder approval and there can be no assurance that the Corporation will be able to recover that loan.

As a result of these factors, this Offering is only suitable to investors who are willing to rely solely on management of the Corporation and who can afford to lose their entire investment. Those investors who are not prepared to do so should not invest in the Common Shares.
